Ernst Stark

Zeichnung / Landschaft 1 , 2017

wood, watercolor

56,5x190,7x5cm

Unique artwork

Courtesy Galerie Dix9 - Hélène Lacharmoise

Description:

The art work *Zeichnung / Landschaft 1* is the first one of a series that the artist just started. The work is sculpted in an oak tree trunk, directly in the forest, with just a chain saw. Such a process of creation reminds calligraphy : a fast cut, made at once, with no possible correction afterwards. With circa 15 layers of watercolour, this piece of wood becomes a landscape.
