Leyla Cardenas

Endless reweaving II (retissage sans fin), 2023

version 1 de 3

Photographs dye-sublimated on polyester silk then unweaved, bronze

122x86x4 cm aprox

Unique artwork

courtesy Galerie Dix9 Hélène Lacharmoise

Description:

The two layers of unweaved textile are issued from the same photography shot in Lisboa, Portugal but printed mirrored, so there is a kind of analogical superimposition of the final image that gives the illusion of a third dimension. Besides the light that goes through the threads creates a kinetic effect.
