Description:

By a set of lights and distorted perspectives is revealed the succession of richly decorated corridors and rooms from a baroque castle. The volumes of these spaces have been recreated from a set of still images found on the net. The artist seeks, among the multitude of photographs taken by visitors, some traces of locations for the film "Last Year in Marienbad" (Alain Resnais, 1961). The artist offers a virtual tour in these spaces imbued with unreality, where even the protagonists of the movie do not remember having been.
